Halloween Parade Brings Out Many Clever Costumes

Youngsters Supply Colorful Spectacle as They March Down Main Street

Costumes clever, ludicrous, pretty or just plain fantastic were worn by Antioch children as they paraded "in double time" down Main street from the grade school to the Antioch theater to enjoy their annual Halloween party Tuesday night.

Many of the costumes showed evidence of considerable ingenuity and care, and while only four prize-winners—two girls and two boys—could be chosen from each group, there were innumerable others that were deserving at least of "honorable mention."

The line of march formed at the grade school at 8 o'clock and led down Main street to the theater, with Village Marshal Fred Peterson and members of the fire department as escorts.

In addition to the prizes, furnished by the Lions club, each child received a treat of candy from the village board.

Guests at Movie

The young people were afterward guests of Fred B. Swanson at the Andy Hardy motion picture, "Blonde Trouble," starring Mickey Rooney.

Winners of the costume prizes included the following:

Frightened Horses Upset Wagon, Drag It Over Man

A severe laceration of the scalp, a broken shoulder and bruises were suffered by Joseph Lorenz Sunday noon when the team he was using to haul corn from a field at the Old People's home, Lake Villa, became frightened and ahied, causing him to fall from the wagon.

The wagon overturned as Lorenz fell, and was dragged across him by the team.

He was brought to Antioch by the Rescue squad, and received treatment from Dr. W. F. Kraemer, after which he was removed to St. Therese hospital. He is reported to be recovering as rapidly as can be expected.

News of the Boys in Service

Gen. Juin Confers Croix de Guerre on Cpl. Glenn W. Fox

Cpl. Glenn W. Fox, route 2, Antioch, is now privileged to wear the Croix de Guerre with gold star as the result of a citation received by the First Field Artillery Observation battalion from General Juin, commandant of the French Expeditionary corps.

The decoration expresses the gratitude of the French army to members of the battalion for assistance given the French during the Italian campaign. This unit is now fighting with American Seventh army, commanded by Lt. Gen. Alexander M. Patch.

The accompanying citation, dated July 22, refers to the battalion as an "outstanding unit of observation and ranging. Under command of Colonel G. D. Ellerson for relentless pursuing of the enemy through the winter campaign on heights covered with snow and rain at Monna Casale and Monna Acquafredda; their sound and flash posts furnished throughout the day and night, the essential information for counter battery work."

"Since the 11th of May, 1944, they have furnished to the artillery of the French Expeditionary Corps an exact topography, locations by sound and flash of numerous enemy materials and movements, carrying out their difficult task in admirable style, in spite of losses of personnel and equipment."

"This citation bestows the privilege of the Croix de Guerre with gold star."

Cpl. Fox, who has been with the unit for the past year and five months, is entitled also to wear the campaign ribbons for the European, Middle Eastern and North African campaigns, with 4 bronze battle stars and the good conduct ribbon.

He is the son of Ellsworth Fox and Alma Fox Harden. He made his home with Mr. and Mrs. Arthur Laursen and worked with Mr. Laursen in the contracting business after his graduation from Antioch Township High school in 1939.

Cpl. Fox has been in the army since Aug. 1, 1942.

From Pfc. Robert H. Hunt, in Belgium—

"Suppose I am in the dog house with you again. Sorry that I haven't written you sooner, but I meant to do it many times. We are now in Belgium, and I can honestly say that it is a swell place. Had the opportunity to see the capital of Belgium, which you know is Brussels, and it is a very pretty city. Also had a nice stay in Paris, which in my mind is 100 percent. Got a few little trinkets which aren't worth very much, but I am going to try and get back again."

"Have sure done a lot of traveling since I got over here. Only wish I was a civilian and could spend more time at each place. One thing about Belgium is that they have got beer, which couldn't be found in France. We have been lucky to get quite a little beer, but we can't get enough to have any fun."

"Got quite a few papers the other night, but they were welcome. There have been quite a few that I never got, but the ones I did get I really went through from top to bottom. Thanks a million for keeping them coming."

"Am at Chanute field, Rantoul, Ill.," says Pvt. Leroy Panzer. "This sure is a pretty field, and they give you all you can eat. The best part of it all is that the chow is good here. I've sure enjoyed the paper, especially the news of the boys in service."

"Have a full schedule here, and only Saturday night and all day Sunday."

The party planned to arrive in Peoria in time to register and to attend the Tuesday evening opening session of the conference.

Few, But Bitter, Clashes Mark Nov. 7 Election

Nation's 1st War Time Election Since Civil War Will Be Held Tuesday

Antioch township voters will have the opportunity Tuesday of casting their ballots in one of the few national elections ever held by any great nation during a major war. The American Civil War, when Lincoln was a candidate for a second term, is believed to be the only comparable instance.

As on registration day, Oct. 10, the polling places will be:

Precinct 1—Mortensen (formerly Ball) hotel.

Precinct 2—City hall.

Precinct 3—Lotus school.

The polls will open at 6 a. m. and continue open until 5 p. m.

Voters who have not as yet registered under the permanent registration law, or who have changed their places of residence or their names since Oct. 10 may in many instances vote under affidavit.

It is estimated by Township Supervisor William A. Rosing that about 150 residents registered here Oct. 10. It is believed, however, that there are still many voters in the township who are unregistered.

Dewey Drive Gaining

Overshadowing all other contests is the accumulating strength of the Republican campaign to elect Governor Thomas E. Dewey of New York president, while the New Deal Democrats are going all-out to launch Franklin Delano Roosevelt on a fourth term in the White House.

Throughout Illinois a strong campaign is being made in behalf of Richard J. Lyons of Libertyville, Republican candidate for United States senator. Opposing him is Scott W. Lucas, Democratic incumbent.

Another vigorous campaign is being waged by Thomas J. Courtney, Democrat, for governor in opposition to Dwight H. Green, Republican, who is a candidate for re-election.

Ralph Church, Republican candidate for re-election as congressman from the 10th Illinois district, is involved in one of the liveliest campaigns of a heretofore rather staid career, with Curtis D. McDougall as Democratic opponent.

G. O. P. Leads in County

In Lake county there are only three real contests between the major parties, with Isabelle E. Bettows up for recorder of deeds on the Democratic ticket in opposition to Howard L. Scott, Republican; Dr. Donald Cook of Lake Zurich, who put up a strong campaign for the Republican nomination for coroner, now on the Democratic ticket on the invitation of that party; with Garfield R. Leaf as the Republican candidate; and Henry H. Doty standing for county auditor in opposition to the Republican nominee, Robert J. Pearsall.

Legislation upon which the voters will be asked to pass includes the proposed amendment to permit county sheriffs and treasurers to succeed themselves in office, and an amendment to Section 10 of the state banking law of Illinois, which has to do with the authorization of a state bank to make loans and purchase investment securities, and which establishes the limits on the classes of loans and investments which a bank may make.

Truck Used in Hijacking Sugar Found in Antioch

Village Marshal Fred Peterson was instrumental in restoring to its owners a truck which is believed to have been used in the hijacking of 7,000 pounds of sugar from the warehouse of Sparkling Springs company, Kenosha, and which had been abandoned here.

The truck had apparently been left in the driveway of the W. W. Warriehome on Winsor drive just off North Main street some time Saturday night, Oct. 21.

Peterson first received word of its location on the following morning, when an appeal was made to him to have it removed from the driveway.

The marshal transferred the truck to the village parking lot and, when no claimant appeared, began an investigation which led to its being restored to its owner.

Hastings Y. M. C. A. Camp Office Looted Saturday

The office of the Rogers Park Y. M. C. A. camp at Hastings lake, Lake Villa, was entered some time Saturday night and a desk and closet were ransacked and looted. George Martin, caretaker, reported to the Lake county sheriff's office. Entry was gained by breaking a pane of glass and opening a window from the inside. The extent of the loot was not determined.

1942 vs. 1939 Prices

Agriculture has two major tasks ahead—convincing labor and industry of the importance to them of sustaining the mass buying power of six million farm families and of maintaining the parity standard for basic farm commodities, according to an editorial in the current issue of the IAA Record, official publication of the Illinois Agricultural Association.

Farmers as a group constitute the most important single market for the products of industry and labor, and if that buying power is destroyed, national prosperity will go down with it, the editorial points out.

"Today the attitude seems to be that a sharp decline in farm prices is inevitable . . . but at the same time industry is predicting higher prices for its post-war products, and labor is demanding that wages be maintained at wartime levels, with a guaranteed annual wage, or 'take home' pay adjusted high enough to make up for the loss of overtime." The OPA is apparently using 1942 prices as a standard. Automobile makers have told us, in a long series of statements, that cars will cost 15 per cent to 30 per cent more than they did in pre-war days.

"Why should farm prices be singled out for decline, while others are to be maintained? Is it the old and persistent campaign of some groups for cheap food and a peasant agriculture? Is it the shortsighted thinking of some business and labor groups who persistently fail to recognize that the farmer is their best customer?"

Anti-farm groups, the editorial states, take the depressed farm prices of 1939—the lowest period for agriculture in twenty years except for the depths of the depression—as their basis for figuring that farm prices are now unjustifiably high. "In August of 1939, farm prices stood at 74 per cent of parity; farmers were able to realize an average of less than \$5.50 per hundred for hogs, less than \$6.75 for cattle, less than 55 cents per bushel of wheat. During the year 1939 farmers received only about 9 cents per pound for cotton, 17 cents per dozen for eggs, 24 cents a pound for butterfat, and 57 cents a bushel for corn."

The editorial asks if comparisons based upon such

a price level are fair and reasonable, and asserts that the false and dangerous (thinking implicit in the statement, "Of course farm prices must go down," should be corrected.

Let's Be Ready for Peace

Just a few short weeks ago almost everybody (except, to be sure, the G. I.'s who were fighting it) was happily assuming that the war was as good as over in Europe. Many a nimble mind turned to nylon stockings, new refrigerators, new cars.

Now we at home know what the mud-slogging infantry has known all the time—that the Slegfried Line is something more than a wavy mark on the map, and that the Hitler-crazed Nazis can fight like the cornered rats they resemble.

It's not over yet, over there. But, as in World War I, the end might come suddenly with the collapse of the German home front—and that is the prayer on the lips of us all.

Are we any better prepared today for the problems of peace than we were when the Nazis were running? There are few indications of it; the huge task of reconverting our industry back to a gradual peacetime basis on which Americans can earn more, buy more and have more through industrial production is yet to be given direction.

We haven't won the war—yet. But, in all conscience, let's be ready for the day when we do!

THE OLD JUDGE SAYS...

"Quite a stack of newspapers I left you yesterday, Judge. Aren't you in the newspaper business, are you?"

"No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several counties where they still have prohibition. Particularly from some headlines that read 'Drunk Driving Arrests Rise'."

"Bootleggers must post Ceiling Prices," "Federal Agents seize 'Trick' Liquor Truck." Doesn't that go to prove, Joe, that prohibition does not prohibit?"

"I watched conditions pretty carefully during our 13 years of prohibition in this country. The only thing I could see we got out of it was bootleg liquor instead of legal liquor...plus the worst crime and corruption this country has ever known."

Rock Ribbed
Ireland is rock ribbed, rests upon limestone, basalt, sandstone, and marble; has pockets of gold and silver, copper in its western hills, coal in the southeastern counties, and iron ore throughout. Soil is fertile, draws on eroded limestone and vegetable mold for its richness. About four-fifths of the island is tillable. The rest is bog, highland, and moorland. Bogs supply peat for Irish hearths, nourish in their dark depths romantic tales of Irish folklore.

NORTHERN ILLINOIS—THE LAND OF OPPORTUNITY

How this area's vast financial resources aid industrial expansion

Ample capital for industrial growth is available in this area, through the 346 banks of Northern Illinois. Resources of this area's banks total more than 1 1/2 billion dollars. And last year's Chicago bank clearings totaled over 23 billion.

To aid long-range financing, Chicago investment houses afford facilities for marketing securities on a large scale. The Chicago Stock Exchange is an active market for such securities.

Agriculture, too, benefits from the investment-money available in Chicago. Much of the nation's trading in grain is done through the Chicago Board of Trade. Furthermore, the Chicago Mercantile Exchange is a great market for butter, eggs and cheese. It is also an important market for potatoes and onions.

Measure the opportunities in Northern Illinois by these standards! Consider the combination of advantages this region offers to progressive businesses of every type. Here, indeed, is the Land of Opportunity for American enterprise.

This country has had nearly 12 years of PROMISES—practically all of them BROKEN. Promises to LABOR, promises to INDUSTRY, promises to the FARMERS, promises to groups and individuals, have been made and broken and forgotten—and new promises have died out in their place. How long will intelligent Americans continue to be fooled by honeyed-phrases which in the past have meant nothing? History will record the THREE TERMS of Franklin D. Roosevelt as the 12 YEARS OF PROMISES! What can we expect if Roosevelt is elected for another 4 years? MORE AND MORE Broken Promises!

The New Deal's Brand of Economy

Economy? It's spelled W-A-S-T-E by the New Deal. At this moment every man, woman and child in the United States owes nearly \$2,000 but doesn't realize it! Mr. Roosevelt promised, up to 1940, at least 11 TIMES that he would balance the budget! But up went our taxes and up went our debt! Can we trust such a man to lead us out of the wilderness of a \$300,000,000,000 debt? His experience in New York State and in Washington has been in getting us INTO debt, not OUT of it!

Roosevelt Started in 1932 to Fool the People

On September 29, 1932, Mr. Roosevelt said, "We advocate an immediate and drastic reduction of governmental expenditures by abolishing useless commissions and offices, consolidating departments and bureaus, and eliminating extravagance, to accomplish a saving of at least 25% in the cost of Federal Government."

Instead of keeping his promise, the Fourth Term candidate, between 1933 and 1940 spent more money than all the other presidents combined.

It's Time for A Change

Yes, it's time for a change; time to put a man in the White House who says what he means and means what he says. Gov. Thomas E. Dewey has a reputation for doing just that.

These critical times demand Competent and Trustworthy Leadership!

Republicans and Anti-New Deal Democrats will vote for

Congressman RALPH E. CHURCH

(Republican Candidate, Tenth District)

On his established 24-year record of constructive public service in State Legislature and U. S. Congress and because

1. He pioneered in preparedness. Served 6 years as member Naval Affairs Committee; Pioneered in urging air supremacy and airplane production inland; Re-opened Great Lakes Naval Training Station in 1935; Had Navy acquire Glenview Air Field; Knows needs of those in Service; Two sons in Navy; VOTED FOR ALL WAR MEASURES AND SOLDIERS' LEGAL BALLOT ACT.
2. HE is experienced in international affairs. Congressional Delegate from the United States to Inter-Parliamentary Conference at Oslo, Norway, August 1939; VOTED FOR RECIPROCAL TRADE AGREEMENTS, LEND-LEASE, UNRRA, FULL-BRIGHT RESOLUTION FOR INTERNATIONAL COOPERATION FOR PEACE.
3. He has in Congress built post-war plans for economic security and against inflation. Voted for price control, social security, and all anti-inflationary measures; As Member of Merchant Marine Committee is working on World Trade, Ship Conversion and other post-war plans.
4. HE IS FOR JOBS INSTEAD OF POST-WAR W. P. A. DOLE.
5. HE NEVER MISSED A SESSION, ROLL CALL OR VOTE ENTIRE EIGHT-YEAR SERVICE IN CONGRESS.

"CHURCH ON THE JOB"

He is always on the job. . . . We are fortunate to have a man of his caliber in Washington—experienced, diligent, and courageous. . . . In committee and on the floor, several years before Pearl Harbor, Congressman Church argued for planes and carriers. . . . Events have proved how right he was and how unfortunate it is his air supremacy views were not then fully adopted. . . . Church is a legislator of the highest type in whom the people can have confidence.

Editorial, Waukegan News-Sun, Sept. 26, 1944.

6. His opponent — himself an officer of a radical organization (UDA) — is the Browder-Hillman candidate, picked and financed by the Communist-dominated CIO-PAC which aims "to subvert Congress to its totalitarian program," Report No. 1311, 78th Congress. (Also Special Report 2277, 77th Congress.)

In a leaflet—the World's Week of Sept. 5, 1938, "intended to assist Teachers" — his opponent wrote an article defending Harry Bridges, the well-known Communist.

Miss Evelyn Kalal Becomes Bride In Berwyn Ceremony

Miss Evelyn Kalal, daughter of Mr. and Mrs. William J. Kalal of Berwyn, Ill., and Lake Catherine, and a niece of Mr. and Mrs. Joseph Patrovsky of Antioch, became the bride of Lt. Norman Dunbar Palmer, U. S. Naval Reserve, in a candlelight ceremony Saturday in the Warren Park Presbyterian church, Berwyn.

Evelyn is well known in Antioch, having spent her vacations here while attending Trinity High school, River Forest, Ill., and again before graduating from the University of Wisconsin at Madison.

She is senior chemist at the Cook County hospital, Chicago.

Lt. Palmer, son of Mrs. Gertrude Palmer of Portland, Me., is a graduate of Yale university, and is author of the history book, "The Irish Land League Crisis." He was professor of history at Colby college, Waterville, Me., before enlisting in the navy, and is now stationed at the Modesto, Cal., Naval Air station.

Mrs. Patrovsky was matron of honor and the Misses Gloria Patrovsky, Antioch, and Ruth Storkan, Oak Park, acted as bridesmaids. Acting as best man was Frank Kerosus of Berwyn and Leon Lake. Ushers were Joseph Patrovsky, Jr., Antioch, and Quentin Soik, Milwaukee, Wis.

The bride's ivory satin gown was trimmed with duchess lace and embroidered with seed pearls. Her veil was of heirloom rose-point lace.

She carried a prayerbook, with two orchids and streamers of Stephanitis.

The matron of honor and bridesmaids wore sapphire blue velvet gowns made with a drop shoulder effect and full skirts. Their bouquets of white carnations and tiny white chrysanthemums were fashioned in a sunburst effect.

Anthony Kopecky, Chicago, soloist, sang "Because" and "The Lord's Prayer," accompanied at the organ by Mrs. Anna Cada. Both are lifelong friends of the Kalal family.

A reception was held in the south ballroom of the Stevens hotel in Chicago, and a dinner was served to the bridal party and members of the two families and intimate friends afterward.

Lt. and Mrs. Palmer left Sunday for Modesto, where they will make their home temporarily.

CHICAGO NEWSPAPER WOMAN TO DESCRIBE EXPERIENCES IN W. A. C.

Interesting, humorous descriptions of her experiences as a Wac will be given by Miss Glenn Bruce of Oak Park, Ill., at a meeting of the Antioch Woman's club Monday afternoon, Nov. 6, at 2 o'clock in the home of Mrs. W. R. Williams, 712 North Main street. Her subject is to be "The Inside of a Wac Barracks."

Miss Bruce, then on the staff of the Chicago Herald American, was the first woman in Chicago to enlist in the W. A. C., from which she was honorably discharged because of a minor ailment. She is a graduate of Northwestern university and taught at Louisiana State university.

Assisting Mrs. Williams on the hostess committee will be Mrs. S. A. Jedele and Mrs. Arthur Laursen.

RALPH CHURCH... and COMMUNISM

Ralph Church, a candidate to succeed himself as the Congressman from the 10th District, has proved himself incredibly unfit. His record is one of the very worst for isolationism, obstructionism and blind partisanship. To his everlasting shame Church successfully led the fight against the proposal to fortify Guam. He opposed selective service. He opposed aiding our Allies. He opposed inflationary controls. He opposed a simple federal ballot for soldiers. He has repeatedly opposed progressive social legislation. It is a simple statement of fact to say that his performance in Congress has been one of the very dreariest. More than that, it is no secret on Capitol Hill, regardless of what tongue-in-cheek utterances are made for public consumption by Republican politicians, that Church is viewed even by the members of his own party with a mixture of amusement, disgust and contempt.

"Second Rate Cipher"

The *Chicago Sun* describes Church as "a second-rate cipher." The *Chicago Daily News* repudiates Church as "not on the alert." *Time Magazine* described Church as "an obscure Republican from Evanston, Illinois" who would do anything to get publicity and who needlessly, stubbornly and wastefully kept the entire House of Congress in session although there was no legislation ready for discussion. The *New York Times* recently reported that Church's statements before the House Committee to investigate campaign expenditures were "a series of general and disconnected charges."

On top of everything else, Church's true colors have emerged in the past few weeks. Thus Church, like the unscrupulous demagogue that he is, has lately assailed foreign-born American citizens. At the same time he has shown the utmost solicitude for such widely-known American fascists as Edward A. Rumely of the Committee for Constitutional Government and Joseph A. Kamp of the Constitutional Educational League. Edward A. Rumely was convicted for making a false report under the TRADING WITH THE ENEMY ACT in WORLD WAR ONE, and served time in the penitentiary for his offenses against the safety and security of the United States. Joseph A. Kamp, one of the vilest of the hatemongers, has a black record in stirring up racial and religious prejudice and won the fulsome praise of the representatives of the Nazi Government. Church was the only member of the House Committee investigating campaign expenditures who refused to sign a contempt citation against Rumely and Kamp even though they willfully and deliberately refused to disclose their financial backers.

Is it any wonder that the people of the 10th District, regardless of party affiliation or social or economic status, have concluded that Church is a dishonor and disgrace not only to the 10th District,

but to the very cause of American institutions and American ideals?

Won't Discuss Record

Because of the tremendous opposition and resentment to Church's candidacy, he is aware that he is in no position to debate or defend his record as a Representative from the 10th District. In consequence, with the one exception when he was roundly and repeatedly booed by the Evanston League of Women Voters, Church has absolutely refused to appear at meetings with his opponent, Curtis D. MacDougall, and is at the greatest pains to avoid discussing concretely and specifically his Congressional record. Instead, in the hope of obscuring the issues and misleading his constituents, Church has broadly intimated that MacDougall is a "Communist." Church's Communistic charges are absolutely, completely and wilfully false. MacDougall is no more a Communist than was George Washington or Abraham Lincoln, and nobody knows that better than Church. His Communist smear of MacDougall is just a sample of Church's characteristically dirty and disreputable campaign tactics. He made the same charges during the campaign of 1938 against Joseph F. Elward, a very distinguished American citizen and a Professor of Law at Loyola University, and Church is trying to work the same fakery again this time.

The question before the people of the 10th District is this: In a time of national crisis, is Ralph Church going to be permitted to camouflage his unbelievably bad record by dishonest and insincere Red-baiting? The people of the 10th District are not going to be misled by this spurious issue and will oust Church from office. The people of the 10th District are going to insist this time on the election of a man who is really qualified to represent them in the Congress of the United States.

RE-ELECT ROOSEVELT

While Republican politicians roam the country today, talking glibly about "world cooperation" and "world peace," the blood of American boys stains the soil of foreign lands as the price of Republican isolationism.

Remember as you read the casualty lists... remember when you cast your vote... a Republican-controlled Congress voted down the League of Nations after the last war; Republican administrations scrapped our navy, cut our army to a helpless skeleton, closed their eyes to the dangers of war. Right up to Pearl Harbor, the Republican leadership in Congress fought President Roosevelt on every appropriation and every measure vital to national defense.

WE MUST NOT LET THIS HAPPEN AGAIN. LET US VOTE STRAIGHT DEMOCRATIC AND BACK THE PRESIDENT WITH SENATOR SCOTT W. LUCAS, EMILY TAFT DOUGLAS AND CURTIS D. MACDOUGALL IN A CONGRESS WHICH WILL BE ALERT AND ALIVE TO THE PROBLEMS AND PERILS IN WORLD AFFAIRS.
